The screenshot shows the weather.com website interface. At the top, there is a navigation bar with links for Home, Forecasts, Severe Weather, Maps, Weather Apps, Video, iWitness Weather, Travel, Outdoors, Mobile & Downloads, and On TV. Below this is a search bar with the text "Enter ZIP, City or Place (e.g. Disney World)" and a "FIND WEATHER" button. To the right of the search bar are links for "My Saved Locations", "Save a Location", "SEND TO MY PHONE", and "PUT THIS ON MY DESKTOP". The main content area features a "Slideshow: Ski Lift Shots" section for "Brian Head, Utah". A large image shows a ski lift in a snowy, foggy environment. To the right of the image is a Marmot advertisement with the text "THE COLD STOPS HERE...". At the bottom of the page, there are navigation links for "Prev", "Page 8 of 17", and "Next".
